# WELCOME

If you're reading this, then I'm honoured .....I hope we can connect soon and get you booked with me! You're promised an absolutely relaxed and friendly service, and a totally enjoyable experience on your wedding day.

Have a read through the packages available overleaf; and if you don't immediately see something that suits you, let's chat anyway, because you can have a tailored package to suit you both. The package prices are put together based on the whole day captured from getting ready right through to the evening. Half day packages are available.

Let's speak soon!

*Love Dee xx*

# PRE WEDDING CONSULTATION

We'll hang out for an hour or 2 and talk through exactly what you want so your day runs smoothly for you. It's a working progress and we'll connect periodically and keep planning. I'll get phone numbers/ email addresses of your wedding suppliers and connect with them to organise photos of cakes, flowers, stationery, etc., without having to bother you. I'll also ask for contacts of your key people, (chief bridesmaid, best man, etc). Nearer the time, I start talking to them about the wedding photography on the day. Believe it or not, they want nothing more than to do things for you! So people can be gathered without me bothering you - they'll be my little helpers.

You'll just enjoy your big day!

# PRE WEDDING/ ENGAGEMENT SHOOT

At the pre-wedding shoot, you'll have loads of photos taken. You can even dress up for this if you want to! This gives you the chance to get comfortable with me, so that the big day will be a breeze. You'll get up to 100 photos from this shoot, so it's well worth it! And it might be a nice touch to use one of these photos for your guest signing board or to add an extra touch in the wedding.

## ALL DAY WEDDING PHOTOGRAPHY

During the wedding photography, lots of beautiful photos will be taken of you both. My goal will be to give you as much as I can so that you have memories which will last forever! I'll make sure I capture those little intricate details, which are so easily and quickly forgotten after the wedding. You'll have me there from anything between 8-10 hours shooting for you, so rest assured, lots will be captured for you!

Half day packages are also available  
for you.

## YOUR HIGH QUALITY PHOTOS

These will be presented to you in a secure online gallery. You'll receive your photos in colour, plus a back and white version of each! Not only will these be on the gallery, depending on your package, you'll also have these on a USB.

The gallery does have a facility where you can order prints (or friends and family can order gifts for you!). The lab service is superb and they really look after you; and these can be ordered and delivered directly to you or friends or family.

# SLIDESHOW

This is a part of the package you will absolutely love! It's a showreel selection of your photos to your first dance music, or music of your choice. This is always romantic! You can also share this with friends and family, or download if you want to.

# YOUR LUXURY ALBUM

You'll pick your favourite 50 photos and I'll design a beautiful luxury album for you. It's absolutely stunning! More often than not, it's difficult to choose just 50 photos, so I'm here to help you; and the choice is yours to expand the album size, or even have more than one!

Your wedding photos will only really come to life when they're printed!

# DIGITAL DOWNLOADS

All of your high resolution photos will be available for you to download for free!

# GIFT ALBUMS

Two beautiful (smaller) replicas of your wedding album which can be given to parents/grandparents or whoever you choose as gifts and keepsakes.

# 2ND PHOTOGRAPHER

This ensures greater coverage of your wedding on the day, meaning photography can take place in two places at once! This is a real must-have for many couples.

# I'M HERE FOR YOU

Hi I'm Dee, your trusted and friendly wedding photographer. I've been running my award winning business for a number of years now and I've loved every minute.

I'm really proud that I give a great, yet relaxed, service; and it's my job to make you feel at ease, comfortable and amazing on your day for your wedding photos - after all these are your precious memories.

So many couples tell me they don't like their photos being taken, and if I had a penny for every time I heard that. If you're camera shy, don't worry, I'll do my absolute best to help you enjoy the experience. See what people say.....

*Dee has even managed to get our photo onto the cover of a wedding magazine due out later this year. Needless to say she has provided us with the greatest gift of the memories of our special day and for that we are both forever grateful.*

- Seyla & Dan

*Dee is such an engaging person and it wasn't long before we popped the question to her - would you be able to do our wedding in Ramsgate? A few months later Dee met us at our chosen venue, the Albion Hotel overlooking the harbour. She took a brilliant set of pre-wedding photographs, probably because we felt so relaxed in her company.*

-Brenda & Peter

*Dee went above and beyond on the day and ensured even the people who were camera shy felt comfortable and were included.*

*The pictures were stunning and Dee has provided many hours since the wedding helping us sorting out the best pictures and arranging an album that we will treasure for ever*

- Louise & Paul

I really hope you found what you're looking for in the brochure. If not, all is not lost. Let's talk anyway so that you can design the wedding photography that you want. I'm totally here for you, so do be in touch.

Happy wedding planning!
